# JET 2 TUITION APP

By: 404 Error Not Found

SMJK PHOR TAY

WONG XIN NING, YEAP SHU TING, TAN SZE LIN

Let's see what it is..!

**JET 2 Tuition app is a website that helps students, teachers, and parents efficiently handle all tutoring-related tasks:**

### **1. Academic Tracking**

- Performance analysis
- Study time monitoring & progress reports

### **2. Smart Scheduling System**

- Class timetables
- Homework deadlines & submission status

### **3. Resources**

- Downloadable study materials (notes, past papers)
- Announcements & exam updates

### **4. Performance Improvement Tools**

- Feedback from teachers
- Data analysing for better feedback

# MAIN OBJECTIVE

Make tutoring more systematic, effective and convenient

## DESIGN

Clean UI → Easy  
navigation for  
students/teachers

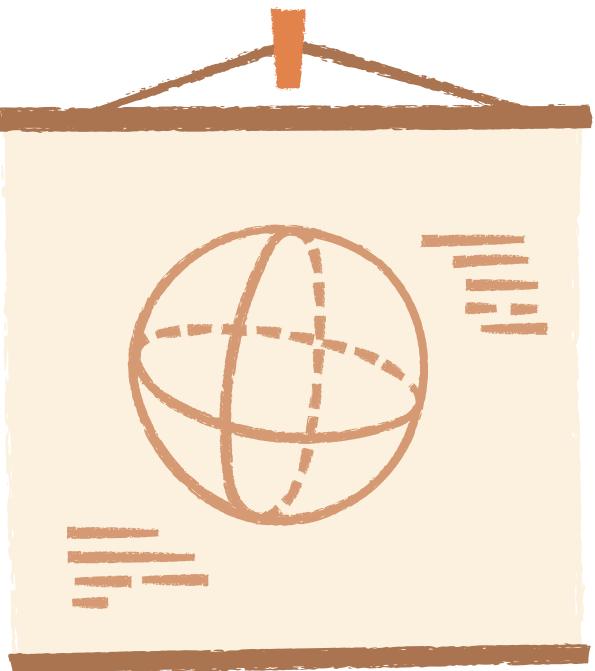

## CONTENT CHOICES

Many of the tuition  
management is stuck in the  
paper age—it's time to fix that  
efficient, direct, save time

# Inspiration?

## Key information buried in messy WhatsApp chats

As a student, I wasted hours digging through WhatsApp chats just to find my schedule, homework, or announcements - everything was buried in endless messages. That's why I created this platform where all informations are neatly organized.

# OUR WEBSITE

<https://szzzzzzzz098.github.io/jet2tuition/>

# TUTORIAL

To get started, create your own student id and passwords, then log in to access your dashboard (just sign up whatever username and password you want) . The Homework Tracker lets you preview assignments by subject, due date, and completion status—just tap any task to view details or submit work. For study materials, click the Resources tab to access linked textbook, extra materials—all organized by subject for easy review.

Simply click the "**Admin**" button on the navigation bar (no separate login required)  
You'll enter the admin dashboard immediately  
The "**Users**" tab displays all usernames and passwords(in Harshed form)

A cartoon illustration of a young boy with brown hair, wearing a blue long-sleeved shirt, brown pants, and a red backpack. He is standing on a green grassy field with a small plant in the foreground.

# Target Audience

Students & Teachers & Parents

- ✓ **Students** – No more lost assignments or missed classes, easier to find study resources
- ✓ **Teachers** – Less time spent repeating instructions, easier giving feedback to students, monitoring students homework status
- ✓ **Parents** – No surprises; always informed about progress, check kids academic performance time-to-time

## **USED PROGRAMMING LANGUAGE:**

- HTML
- CSS
- JavaScript
- MySQL
- PHP

# Improvement

## Functionality

If we have more time, we would like to complete the Homework submission feature, Chat and classes schedule function

## User experience

Add a teacher page for this website

**THANK YOU**
